

GUMMITWIST 2018

Supporting the challenge to jump

Application Form:

Name of applicant:

Address:

Telephone number:

Email:

Website (if any):

Links to online videos (if any):

Please answer the following questions:

- How would you describe your work so far?
(You can be general here. We are curious about how you see, and feel about, your own work? Tell us about your working methods, styles of work, approaches...)

- What do you feel you need at this point in your career to improve your work?
(Share with us what you have been struggling with? How do you imagine tackling these struggles?)

- Looking back, how do you feel about your work so far?
(We are curious to know how you reflect on your previous experiences)

- What do you look forward to within this program and what would you like to achieve if selected?
(Why are you applying for this specific program and what do you expect? We are more curious about what you want to achieve artistically than what you want to make)

- What is your artistic vision for the future?
(What are your long-term plans for your work? Where would you like to see yourself in the coming years?)

Notes:

(If there is anything else you would like us to know please add here)
